Kalamazoo, Mich., July 15.-Grand Cir-

Tom Davis, secretary of the club, announced yesterday that the youngster had been turned back to the Brockton club of the New England League. Dowd showed some ability as a hitter and fielded brilliantly at times during his sojourn on the hilltop, and his fighting spirit earned him much popular favor. He was an easy mark for the tricky big fellows, however, and twice was doubled up at a base in running on a fly to an outfielder. The second relapse, coming last Saturday, evidently convinced Wolverton that the youngster needed more seasoning. With the return of Jack Martin to the fray the way was paved

Italy scored one point for third place in the 10,000-metre walk. The five points scored by South Africa in the Marathon run and the two points by Canada in the hammer throw are credited to Great Britain.

Then comes the Olympic yachting. The only complaint visitors have against the Swedish committee is that too much was attempted, even although everything is carried out. With an or-Sanization almost beyond criticism, the American committee and athletes are enthusiastic in their praises of the management. There is no doubt that the American representatives made the finest impression in Stockholm, while the Americans were unable to find words to express the impression Stockholm has made on them. Considering the number of compet-

Hore and the keen struggles it is the general opinion that the accidents have been as few as could reasonably be expected. A controversy has arisen over the rowing programme, which buts the eight-oared boats down for two trial heats in one day-Canada against Leander in the morning and sainst Australia in the afternoon of the same day. Canada, England and other hations have entered a protest. The steamer Finland, which brought
